

Preselection & Recruitment

The risk is avoided since the moment we hire the people.

With Preselection & Recruitment you can detect the risks in people's attitudes before being hired. Your organization chooses the topics to analyze that may become potential or catastrophic risks to its patrimony or security.

Class

Prevent

Application Frequency

Only Once
(Through the hiring process)

Method

IVR

We use a questionnaire specifically design for the needs of your organization.

Alcohol & Drugs	Colussion	Compliance
